

# REUSING & RETHINKING WATER

AS PART OF USGBC-LA'S  
THOUGHT LEADERSHIP SERIES  
SEPTEMBER 30, 2021

## THE EVENT

Join us as we host this interactive community event for an informed discussion with local leaders on how we transform water use during this critical, and ongoing, time of drought across California and the Western US. From water reuse policy to greywater systems to taking a step back to completely rethink how we are using water in our homes, landscapes, and industry, we will look to identify policy changes and commitments we can make for sustainable water use here in Southern California.

<u>SPONSORSHIP LEVELS</u>	<b>\$5,000</b>	<b>\$2,500</b>	<b>\$1,250</b>	<b>\$500</b>
